

2005 Aerial Photograph

KEY:

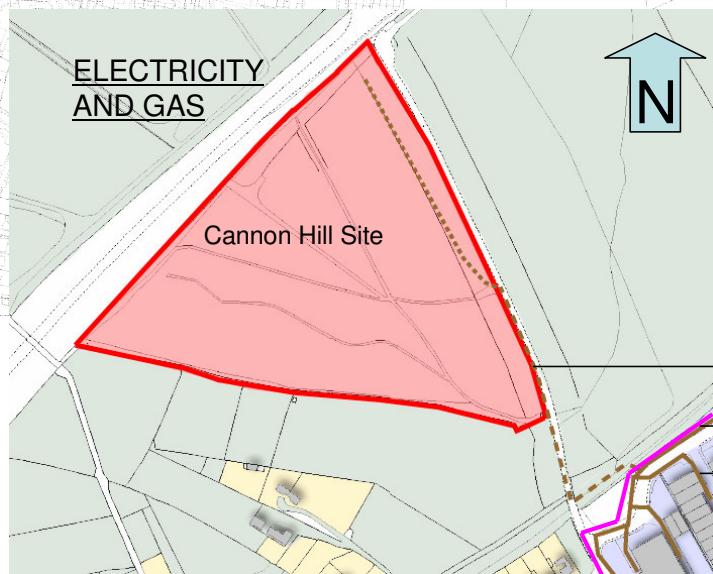

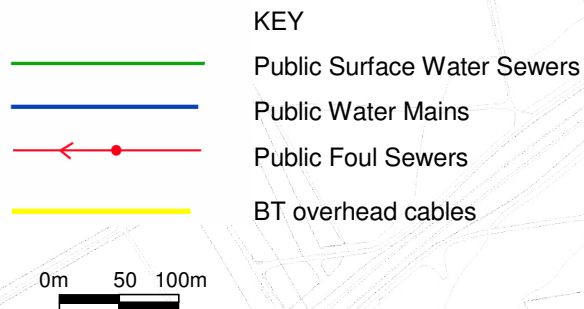

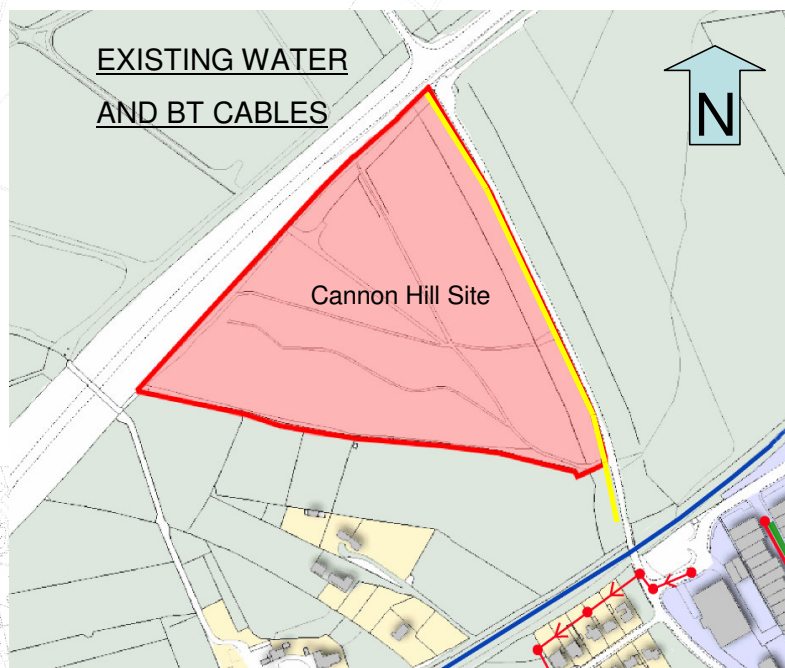

The Cannon Hill, Uddens Drive Site

## Landscape Appraisal

Existing Situation – Aerial Photograph

**NB:**  
Any proposed trenching works within Highway to be done by Scottish and Southern Energy.

All trenching within site area to be carried out by contractor.

All cables and ducting to use same trench where possible to minimise costs.

Suggested route for proposed electricity cables

Existing gas mains

Existing Low Voltage Electricity Cables
